

Fee Information

We rely entirely on voluntary donations from individuals, businesses, and grantors who are invested in helping those affected by cancer. Generous philanthropic support enables us to offer programs and services at low to no cost to our clients.

Below please find information about our fees:

- **New Clients–No cost, donations appreciated**
 - Each new client will receive an intake assessment that involves creating a care plan.
 - Supportive care appointments are available as needed to address additional concerns and/or discuss community resources.
- **Support Groups–No cost, donations appreciated**
 - We offer a variety of support groups.
- **Programs–No cost, donations appreciated**
 - A variety of workshops including art, nutrition, education, exercise, meditation, and other programs of interest are offered on a seasonal basis.
- **Individual Bodywork Appointments–SLIDING SCALE (\$40-\$90):**
 - You choose what you pay on the sliding scale based on what you can afford that day. We understand what you can afford may vary from appointment to appointment. That payment goes to the bodywork provider, not the Healing Garden. Bodywork providers do not accept tips.
- **Fund-A-Need (FAN) Program for Individual Bodywork Appointments–SLIDING SCALE (\$5-\$40):**
 - For clients, caregivers and bereaved members who have difficulty paying on the sliding scale mentioned above and meet certain financial requirements, the Healing Garden has a program called Fund-A-Need (FAN) to make individual appointments more accessible.
 - Please complete a FAN application and eligibility will be reviewed by the Director of Client Care.
 - If you are found eligible for FAN, details of the program will be shared with you.
